

Problem-11

I calculated the integral of $Q(t)*c(t)$ using trapezoid method. And the integral of $Q(t)$ using simpson-1/3 rule. While applying simpson rule, I assumed tolerance to be 10^{-3} .

The Output

```
>> T11_20110065
```

```
ans =
```

```
3.557845865294719
```
